ATTENTION — USERS OF ELECTRICITY

Owing to the war situation, we are advised by the manufacturers of electrical appliances, that the National Defense Committee will include electric ranges, washing machines, irons and fan motors as "non-essentials," and prohibit their manufacture during the period of the war. This prohibition will probably take effect about the first of the coming year.

We have placed an order for one car load of ranges to be delivered on April 1st, 1918.

Those who make a selection of stove or washer for early summer installation and make a deposit of \$5.00 will get the benefit of present prices. A deposit of \$2.00 on fan orders.

We will take your Liberty Bond at par as part or full payment for equipment when finally installed.

Write our home office at St. George, or branch offices in Enterprise or Hurricane and make your selection. Orders placed now will save you from 15% to 30% and insure your getting that stove or washer you have planned for next summer.
